By Road

Arlington Business Park is located by junction 12 of the M4, and when you exit the motorway, the offices are immediately to your left.

To access the offices take the exit signposted Arlington Business Park (left if approaching from London, 3rd exit if approaching from the west) at the first roundabout you come to, the first left at the second roundabout, the first left at the third roundabout, and then the first left turning that you come to.

Our car park places lie to the right of our section of the Business Park, and Building 1015 is the block situated to the right of the small footpath leading from the car park to central communal garden area.

Alternative Networks is based on the second floor, so you will need to buzz the AN office to access the lift.

If you need guidance call Arlington House Customer Services on 01189 323 555.

By Public Transport

The office is a fifteen minute taxi ride from Reading Station, or a fifteen minute walk from Theale Station.

Bus service 102 runs every 30 minutes between Reading Station and Arlington Business Park.
